

HOOP FACTORY

Hoop Factory Action Plan in the event of a Coronavirus infected or Asymptomatic sport camp student or staff member:

Participants are defined as student or instructor.

- If a camp participant is showing signs of illness or showing COVID like signs are identified once participants are at the sports camp, a supervisor will be notified immediately by the head coach.
- That participant will be given a mask and asked to leave the training area and taken corner of unoccupied space farthest away from participants, a mask given if not already on hand.
- A parent/ guardian will be contacted immediately to pick up the participant. If the participant was able to drive to the camp and are capable to drive home they will be instructed to drive home and take the online assessment. A parent will also be notified immediately.
- Participation of activity will cease and all the equipment in the areas that the individual had contact with will be cleaned/ disinfected. Once the cleaning is complete participation will be allowed to resume.
- An incident report form will be completed by the head coach indicating the symptoms
